

Cashback stores selection

You can select in total up to 3 shops or categories where you will earn cashback. You can select either all 3 shops or all 3 categories or a combination of stores and categories in total. The groceries category is an exception - within there you can only choose 1 store. You will be able to change your selection after 30 days so we recommend to make all 3 choices at once. We offer the following shops and categories.
